Description:

Situated on the caravan route to India in central Persia is the town of Kashan famed as one of the top quality production areas. They have been producing and exporting carpets of the highest artistic craftsmanship over several centuries. The famous Ardabil carpet in the Victoria and Albert Museum and the silk carpets in the Metropolitan in New York are the best known surviving pieces. Mohtashem signifies the name of the master weaver whose works belong at the top of the highest category of carpet weaving. Using only the very best wool's and made to the highest finish these pieces are truly works of art.
