Collection Aqua-Silver

Size 6ft 10in X 10ft 00in
2m 8cm X 3m
4cm

Description:

We call this our Simplicity Line but a closer look reveals that it is not so simple. Yes we have eliminated borders yes the pattern is infinite yes it is purely geometric. But no it is not a simple creation at all. These area rugs are ideal living room rugs or indoor rugs in general. A hand loomed viscose blend of variable medium height pile. Available in standard sizes and colors or can be custom made.
