Description:

Title

Tartan Green Rug Indoor Outdoor 8' x 10'. This rug is suitable for indoor or outdoor use, in your house or outdoors on your patio or deck etc. The rug is made using P.E.T which is recycled materials to create a polyester that has a soft almost wool like feel that can be difficult to differentiate from the real thing. It truly is a 'green option'. Can be custom made to size. The rug's main color is green.
