### Description:

This is a fine example of a vintage over-dyed area rug. These rugs demonstrate a process best described as 'The modern palette applied to classics'. It consists of an added step to the finishing process in which the rug is antique washed, sheared, and finally hand dyed in a full immersion bath of a chosen color. The effect is quite stunning, adding a vibrant overcast to the whole rug and blending seamlessly with the prior dyes. This rug is deliberately cut low for the effect. The color is a teal.
