### Description:

Antique Turkish Pictorial Sivas Rug 4'4 x 6'3. Sivas in eastern Anatolia is best known for interpretations in light tones of oriental rug designs. They are decorative in the best sense but are actually quite hard to find. This rug has a wonderful, detailed design with wild animals scattered all over the rug including the border. The rug is lightly distressed that adds to its overall charm. Colors: charcoal-blue/ivory/gray/taupe.
