25cm

Description:

From Tabriz in Persia this is a classic vintage piece that will enhance any room setting. A distressed carpet is not an abused one, but one that has been artfully recreated to follow current decorating style trends. The term distressed describes a rug where areas of the rug show the warp and has or is low all over. However, the rug has a solid foundation and will stand up to the rigors of normal daily use. Colors: beige/blues
